

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R323	Train Protection & Warning System audible warnings	Vehicle/Train Control & Communications SIC	21-Apr-09	Not reviewed	Not reviewed	To be reviewed by stakeholder group	
R322	Standardisation of damping technologies for the reduction of railway noise (STARDAMP)	Vehicle/Track SIC	28-Apr-09	Not reviewed	Not reviewed	To be reviewed by stakeholder group	
R321	TPWS audible warnings	Operations Focus Group	21-Apr-09	Not reviewed	Not reviewed	Only recently received - to be studied with stakeholders.	
R320	Red Light Enforcement Equipment (RLEE) using Digital Technology	Road Rail Interface Safety Group	05-Mar-09	27-Apr-09	Progress	Proceeding as project T885. To start Q3 2009.	T885
R319	Evaluating wayfinding systems for blind and partially sighted customers at stations	Operations Focus Group	22-Dec-08	22-Dec-08	Progress	Proceeding as project T881. Due to start Q3 2009.	T881
R318	Integrating SD Principles into procurement	Rail Sustainable Development Group	09-Apr-09	21-Apr-09	Progress	Taken forward as T882.	T882
R317	Understanding the impact of lone working – a literature review and guidance to industry	Community Safety Steering Group	07-Apr-09	Not reviewed	Not reviewed	Only recently received - being studied with stakeholders.	
R316	Perceptions of security and social inclusion for rail passengers from minority groups	Community Safety Steering Group	07-Apr-09	Not reviewed	Not reviewed	Only recently received - being studied with stakeholders.	
R315	Understanding and improving demand modelling for new and re-opened stations.	Rail Sustainable Development Group	07-Apr-09	21-Apr-09	Progress	Launched as T884.	T884
R314	SMIS Vision development	Safety Policy Group	03-Apr-09	06-Apr-09	Progress	Being explored with stakeholders.	T880
R313	Data and analysis into the dependability of GNSS-based technology (T510 follow-up)	Vehicle/Train Control & Communications SIC	30-Mar-09	Not reviewed	Not reviewed	Business case to be developed and reviewed by the nominated stakeholder group.	
R312	Analysis of SPAD incidents to facilitate signal overrun assessments	Safety Policy Group	26-Mar-09	28-Apr-09	Progress	Launched as T887.	T887
R311	Creation of a suite of safety reporting systems based on NIR Online	Safety Policy Group	23-Mar-09	28-Apr-09	Progress	Launched as T886.	T886
R310	Bodyside window containment tests for existing vehicle designs	Rolling Stock R&D Stakeholder Group	16-Mar-09	16-Mar-09	Progress	Launched as T878	T878
R309	EC Framework 7 project: GAL+	Vehicle/Train Control & Communications SIC	11-Mar-09	25-Mar-09	Rejected	Rejected - No stakeholder support.	
R308	Supplementary GB requirements for Wheel Slide Protection (WSP)	Adhesion Working Group	27-Jan-09	27-Jan-09	Progress	Launched as T877	T877
R307	Electrification Design Guidance	Future Electrification Group	23-Feb-09	23-Feb-09	Progress	Launched as T875	T875
R306	Evaluation of the benefit of vehicle height being used for management of abnormal loads in the prevention of bridge strikes	Road Rail Interface Safety Group	19-Feb-09	Not reviewed	Not reviewed	In development.	
R305	Feasibility of the use of cameras for enforcement of compliance with road traffic signs mandating height restrictions at bridges subject to bridge strikes	Road Rail Interface Safety Group	19-Feb-09	Not reviewed	Not reviewed	In development.	
R304	Evaluation of the understanding of vehicle height by drivers of heavy goods vehicles and passenger vehicles	Road Rail Interface Safety Group	19-Feb-09	Not reviewed	Not reviewed	In development.	
R303	Evaluation of the effect of speed ramps on the prevention and mitigation of bridge strikes	Road Rail Interface Safety Group	19-Feb-09	Not reviewed	Not reviewed	In development.	
R302	Evaluation of the effectiveness of road traffic signs to prevent bridge strikes	Road Rail Interface Safety Group	19-Feb-09	Not reviewed	Not reviewed	In development.	
R301	Tomorrow's railway and climate change adaptation (TRaCCA) project.	Rail Sustainable Development Group	11-Feb-09	21-Apr-09	Progress	Launched as T883.	T883
R300	Rail Vertical Contact Stresses	Vehicle/Track SIC	11-Feb-09	Not reviewed	Not reviewed	Business case to be developed and reviewed by the nominated stakeholder group.	
R299	Service Trials of On-board Diesel Fuel Meters	Vehicle/Train Energy SIC	28-Jan-09	28-Jan-09	Progress	Launched as T870	T870
R298	Investigation into the implications of 12kA fault level	Future Electrification Group	29-Jan-09	23-Feb-09	Progress	Launched as T873	T873
R297	Guidance for computational fluid dynamics modelling of the forces and moments acting on trains in crosswinds	Aerodynamics GB Working Group	26-Jan-09	11-Feb-09	Progress	Launched as T871	T871

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R296	Optimising the platform/train interface for the future to improve accessibility	Vehicle/Structures SIC	12-Jan-09	28-Jan-09	Progress	Launched as T866	T866
R295	Evaluation of video positioning for use in selective door opening (SDO)	Vehicle/Train Control & Communications SIC	09-Jan-09	03-Mar-09	Reassess	To be reviewed in 12 months or sooner once other work on SDO (T769 & T771) have been completed.	
R294	Electrification Engineering Skills: Future Needs	Rail Industry Skills Forum	23-Dec-08	05-Feb-09	Rejected	Rejected. Not supported by stakeholders as research.	
R293	Station safety seminar	Operations Focus Group	17-Dec-08	17-Dec-08	Progress	Proceeding as project T862. Event scheduled for 28 May 2009.	T862
R291	The development of a safety risk profile for Infrastructure Safety Liaison Group members	Safety Policy Group	04-Dec-08	11-Feb-09	Rejected	Rejected as not thought to be research by stakeholders.	
R289	PANTOTRAIN (a TrioTrain project)- Pantographs: Total Regulatory Acceptance for the Interoperable Network	Vehicle/Train Energy SIC	18-Mar-08	18-Mar-08	Progress	Project originally reviewed and progressed as T735 and submitted to EC as a one of three projects submitted under the TrioTrain project. Established as a dedicated project of its own following shortlisting by the European Commission and launched as T849	T849
R288	Testing of overhead line contact wire and collector strip wear	Conventional Rail Energy TSI Working Gp	26-Nov-08	28-Jan-09	Progress	Launched as T876	T876
R287	Development of a process to identify the Carbon Impacts for Infrastructure Projects	Rail Sustainable Development Group	20-Nov-08	26-Nov-08	Progress	Launched as T851.	T851
R286	AEROTRAIN (a TrioTrain project)- Aerodynamics: Total Regulatory Acceptance for the Interoperable Network	Aerodynamics GB Working Group	18-Mar-08	18-Mar-08	Progress	Project originally reviewed and progressed as T735 and submitted to EC as a one of three projects submitted under the TrioTrain project. Established as a dedicated project of its own following shortlisting by the European Commission and launched as T848	T848
R285	Fuel consumption monitoring for diesel engined rail vehicles	Vehicle/Train Energy SIC	05-Nov-08	26-Nov-08	More Information	The project is at the initial stages and the proposed supplier and the research manager are addressing the scope and initial specification. The outcome will be discussed at the next Diesel Metering Group on the 8th June 2009.	
R284	Updating the level crossing risk management toolkit	Road Rail Interface Safety Group	05-Nov-08	26-Nov-08	Progress	Proceeding as project T863. Due to start Q2 2009.	T863
R283	High level Safety Management System guidance and good practice	Safety Policy Group	23-Sep-08	07-Oct-08	Progress	Being progressed as T847, specification being developed with stakeholders.	T847
R282	Grass barriers to leaf ingress on to the permanent way	Adhesion Working Group	04-Nov-08	27-Jan-09	Rejected	Rejected - No stakeholder support.	
R281	Workforce development aspects of an ageing railway workforce	Rail Industry Skills Forum	29-Oct-08	05-Feb-09	Rejected	Rejected. Already being done by stakeholders.	
R279	The potential of developing business hubs in a sustainable railway	Rail Sustainable Development Group	11-Aug-08	07-Oct-08	Rejected	Rejected - Already being undertaken elsewhere.	
R278	Coasting on 'small' non-electrified sections	Future Electrification Group	16-Oct-08	26-Nov-08	Rejected	Rejected as scope of work being taken forward as an extension to T779.	T868
R276	Investigating the application of leading and lagging indicators to the rail industry	Safety Policy Group	15-Oct-08	05-Dec-08	Progress	Being progressed as T852, specification being developed with stakeholders.	T852
R275	Identifying attributes that reduce assaults on rail workers.	Community Safety Steering Group	06-Oct-08	09-Apr-09	Reassess	Pending - ideas form sought from proposer.	
R274	Exploring customer perceptions and learning lessons; individual companies versus GB railway	Community Safety Steering Group	06-Oct-08	09-Apr-09	Reassess	Pending - ideas form sought from proposer.	

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R273	Psychological profiling of customer groups and development of tailored guidance	Community Safety Steering Group	06-Oct-08	08-Jan-09	Rejected	Rejected - by stakeholders.	
R272	Verification of results from simulated 125mph current collection modelling for two pantographs	Future Electrification Group	30-Sep-08	30-Sep-08	Progress	Launched as T841	T841
R271	Threat and Error Management: development, piloting and evaluation of a training course	Rail Industry Skills Forum	01-Oct-08	09-Feb-09	Progress	Being explored with topic stakeholders.	T869
R270	A review of skills 'assessment tools' based on recent rail industry experience.	Rail Industry Skills Forum	16-Sep-08	16-Sep-08	More Information	Being explored with topic stakeholders.	
R269	Explore the links between operations competence and infrastructure management.	Rail Industry Skills Forum	01-Oct-08	05-Feb-09	Rejected	Rejected - no stakeholder support.	
R268	A review of rolling stock maintenance engineers' skills requirements	Rail Industry Skills Forum	16-Sep-08	16-Sep-08	More Information	Being explored with topic stakeholders.	
R267	A survey of intelligent uses for on-train measurement recorders	Operations Focus Group	30-Sep-08	30-Sep-08	Progress	Now that additional information has been received, it is expected that OFG will reject this idea as such at its meeting on 5 May. A parallel workstream, led by Virgin Trains, is already in progress.	T840
R266	Explore the transfer of the Network Rail's experience of "Assessment in the Line" to the TOCs	Rail Industry Skills Forum	30-Sep-08	05-Jan-09	More Information	Being explored with topic stakeholders.	
R265	Creating a Reliability Data Handbook for Railway Systems	Safety Policy Group	22-Sep-08	30-Sep-08	Rejected	Rejected - Already undertaken elsewhere.	
R264	Reducing accidents through inclusive design: steps, stairs and ramps	Operations Focus Group	22-Sep-08	29-Sep-08	Progress	Proceeding as project T834. In progress.	T834
R262	Evaluating the effectiveness of vehicle activated signs to prevent bridge strikes	Road Rail Interface Safety Group	18-Sep-08	26-Nov-08	Progress	Proceeding as project T854. Due to start Q2 2009.	T854
R261	Developing a specification for roadside cameras at low bridges	Road Rail Interface Safety Group	18-Sep-08	19-Feb-09	Rejected	Closed - replaced by new suite of research proposals from bridge strike group 19 February 2009.	
R260	Development of road traffic signs at low bridges taking account of human factors	Road Rail Interface Safety Group	18-Sep-08	19-Feb-09	Rejected	Closed - replaced by new suite of research proposals from bridge strike group 19 February 2009.	
R259	Determining human factors that give cause to bridge strikes	Road Rail Interface Safety Group	18-Sep-08	19-Feb-09	Rejected	Closed - replaced by new suite of research proposals from bridge strike group 19 February 2009.	
R258	Improving communication of risk information to decision makers.	Safety Policy Group	18-Sep-08	15-Oct-08	More Information	Being explored with topic stakeholders.	
R257	Providing a better understanding of the implications of modal shift following service disruptions.	Safety Policy Group	18-Sep-08	03-Mar-09	More Information	Being explored with topic stakeholders.	
R256	Archive of documents relating to gauging	Vehicle/Structures SIC	30-Jul-08	30-Jul-08	Progress	Update to T519	T519
R254	Investigating the risk to individuals when moving around the rail environment	Operations Focus Group	26-Aug-08	26-Aug-08	Rejected	Rejected by stakeholders.	
R253	Raising public awareness of railway alarm procedures	Operations Focus Group	26-Aug-08	26-Aug-08	Rejected	Rejected by stakeholders.	
R252	Investigating the threat from accidental fires in the 'on train' environment	Operations Focus Group	26-Aug-08	26-Aug-08	Rejected	Rejected by stakeholders.	
R251	Developing a personal accident cost model	Operations Focus Group	26-Aug-08	18-Sep-08	Progress	Proceeding as project T831. Due to start Q3 2009.	T831
R250	Human Factors modelling of human response times in emergency situations	Operations Focus Group	26-Aug-08	29-Sep-08	Rejected	Rejected by stakeholders.	
R249	A compendium of community safety research	Community Safety Steering Group	20-Aug-08	30-Oct-08	Progress	Proceeding as project T846. Being produced in-house.	T846
R248	Developing safety signage for children on board trains	Operations Focus Group	19-Aug-08	21-Aug-08	Progress	Proceeding as project T826. In progress.	T826

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R247	Collecting and analysing railway-related health data	Safety Policy Group	04-Aug-08	19-Aug-08	Progress	Proceeding as project T823. Due to start Q3 2009.	T823
R246	A compendium of railway health-related research	Safety Policy Group	19-Aug-08	19-Aug-08	Progress	Proceeding as project T822. Being produced in-house.	T822
R245	Selection of materials for vehicle interiors for safe behaviour when subject to impact	Rolling Stock R&D Stakeholder Group	12-Aug-08	28-Oct-08	Progress	Launched as T855	T855
R244	Further research into fast Acting Dropping Devices (ADD) for pantographs, ADD indication and cross-linked ADD systems	Vehicle/Train Energy SIC	07-Aug-08	11-Nov-08	Reassess	Being held over until late 2009.	
R243	Research into boosterless electrification	Future Electrification Group	07-Aug-08	23-Feb-09	Progress	Launched as T872	T872
R242	Electrification equipment - feeding and protection philosophy	Future Electrification Group	07-Aug-08	23-Feb-09	Progress	Launched as T874	T874
R241	Assessing the safety benefits of median strips at level crossings	Road Rail Interface Safety Group	06-Aug-08	18-Aug-08	Progress	Proceeding as project T820. To await completion of first stage of T819 before finalising spec.	T820
R240	Trialling median strips at AHB level crossings	Road Rail Interface Safety Group	06-Aug-08	18-Aug-08	Progress	Proceeding as project T819. Due to start Q2 2009.	T819
R239	A compendium of station safety research	Operations Focus Group	04-Aug-08	11-Sep-08	Progress	Proceeding as project T828. Being produced in-house.	T828
R237	A review of potential efficiency and effectiveness improvements in rail industry supplier assurance	Safety Policy Group	29-Jul-08	19-Sep-08	Progress	Launched as T833.	T833
R236	Research priorities that arise out of the Department for Transport TaSTS and DaSTS consultations	Rail Sustainable Development Group	29-Jul-08	19-Aug-08	Reassess	Initial work started - T803 Station travel plans.	
R234	Improving suicide prevention on the rail network in Great Britain	Community Safety Steering Group	22-Jul-08	30-Oct-08	Progress	Proceeding as T845. Due to start Q2 2009.	T845
R233	Evaluating the impact of timetable change on track worker safety	Operations Focus Group	21-Jul-08	03-Feb-09	Progress	Proceeding as project T867. Due to start Q2 2009.	T867
R232	Optimising public communication with signallers in emergencies at level crossings	Road Rail Interface Safety Group	21-Jul-08	18-Aug-08	Progress	Proceeding as project T818. Now in progress.	T818
R230	Safer surfaces to walk on: an updated guide	Operations Focus Group	21-Jul-08	11-Sep-08	Progress	Proceeding as project T829. In progress.	T829
R228	Review of research relating to sustainable development for the railway	Rail Sustainable Development Group	16-Jul-08	19-Aug-08	Progress	Being prepared for ITT in early 2009.	T824
R227	Training provider demonstration of competence	Rail Industry Skills Forum	02-Jul-08	21-Jul-08	Rejected	Rejected - Already being undertaken elsewhere.	
R226	Training provider accreditation	Rail Industry Skills Forum	02-Jul-08	08-Dec-08	Rejected	Rejected - Already being undertaken elsewhere.	
R225	Defining the role of trainer	Rail Industry Skills Forum	02-Jul-08	06-Nov-08	Rejected	Rejected - Already being undertaken elsewhere.	
R224	Training as a tool for culture change	Rail Industry Skills Forum	02-Jul-08	05-Jan-09	More Information	This idea is being worked up for consideration in early 2009.	
R223	Provision of a training pack to accompany the Rule Book.	Rail Industry Skills Forum	02-Jul-08	27-Apr-09	Rejected	Rejected. Being done elsewhere.	
R222	Platform Edge Gap Fillers	Vehicle/Structures SIC	12-Jul-08	21-Jul-08	Rejected	Rejected - No stakeholder support.	
R221	Measuring effect of crosswinds on trains by correlating wheel monitoring systems and anemometer data	Aerodynamics GB Working Group	02-Jul-08	22-Oct-08	Progress	Launched as T816	T816
R220	Trends in GB rolling stock noise levels	Vehicle/Vehicle SIC	08-Jul-08	30-Sep-08	Progress	Launched as T835	T835
R219	Assessing the bandwidth demand for future communications needs	Future Communications & Positioning Systems Advisory Group	02-Jun-08	23-Jul-08	Progress	Launched as T817	T817
R218	Investigations into an addressing policy for GB Railway applications using the Internet Protocol	Vehicle/Train Control & Communications SIC	19-Jun-08	12-Jan-09	Reassess	Being held over until late 2009.	
R217	Track quality sensitivity analysis using VTISM	Vehicle/Track SIC	15-Aug-07	15-Aug-07	Progress	Launched as T807	T807
R216	The assessment of safety management system frameworks	Safety Policy Group	25-Jun-08	03-Jul-08	Rejected	Rejected at stage 2 as spec. development discussions answered the question raised.	T810

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R215	Balancing system safety with behavioural safety	Safety Policy Group	25-Jun-08	31-Mar-09	Rejected	Rejected. This has been superseded by R257	
R214	Limits on Vertical Track Alignment Through Station platforms	INS Standards Committee	24-Jun-08	30-Jul-08	Progress	Launched as T815	T815
R212	Development of a Technology Roadmap and Action Plan for GB Railways	Future Communications & Positioning Systems Advisory Group	22-May-08	23-Jul-08	Progress	Launched as T809	T809
R211	AWS Testing - the way forward	Automatic Warning System Working Group	16-Jun-08	25-Jun-08	Progress	Launched as T808	T808
R210	Automatic Warning System infrastructure characterisation	Automatic Warning System Working Group	04-Jun-08	16-Jun-08	Progress	Launched as T804	T804
R209	Containment risk assessment for sleeper cars	Vehicle/Vehicle SIC	04-Jun-08	06-Oct-08	Rejected	Rejected - Being addressed via consultation on new Railway Group Standard	
R208	Review of US requirements for passenger train emergency systems and their relevance to GB	Vehicle/Vehicle SIC	04-Jun-08	30-Jul-08	Progress	Launched as T814	T814
R207	Updating drugs and alcohol policies and testing methods	Safety Policy Group	16-May-08	13-Jan-09	Progress	Proceeding as project T865.	T865
R206	Rail industry human factors good practice guide	Operations Focus Group	15-May-08	15-May-08	Progress	Proceeding as project T802. Published.	T802
R205	Sustainable development decision making framework	Rail Sustainable Development Group	14-May-08	22-Jul-08	Progress	Being developed with stakeholders.	T812
R204	Assessment of wheel slide protection technology for freight vehicles	Vehicle/Track SIC	12-May-08	01-Oct-08	More Information	Being held over until mid 2009.	
R203	Research into stranded trains	Operations Focus Group	08-May-08	20-Aug-08	Rejected	Rejected - idea withdrawn by stakeholders as parallel standards development activities found to be in progress.	
R201	Extending the use of Health and Safety representatives and quantifying the benefits	Safety Policy Group	06-May-08	14-Jul-08	Rejected	Rejected - No stakeholder support.	
R200	Research into the possible links between driver cab set-up and SPAD reduction	Operations Focus Group	06-May-08	29-Sep-08	Rejected	Rejected by stakeholders.	
R198	Integrate the rail futures work into HMG foresight research	Rail Sustainable Development Group	02-May-08	31-Jul-08	Rejected	Rejected - Already being undertaken elsewhere.	
R197	Marry the futures studies of other organisations into the rail futures work	Rail Sustainable Development Group	02-May-08	19-Aug-08	Rejected	Rejected - Already being undertaken elsewhere.	
R195	Research to determine the benefits of all-electric braking systems	Vehicle/Vehicle SIC	25-Apr-08	28-Oct-08	Progress	Launched as T860	T860
R194	Identification of key locations for remote condition monitoring of in-service vehicles	Vehicle/Vehicle SIC	25-Apr-08	28-Oct-08	Progress	Launched as T859	T859
R193	Optimisation of existing infrastructure-based remote condition monitoring systems that monitor vehicles	Vehicle/Vehicle SIC	25-Apr-08	28-Oct-08	Progress	Launched as T857	T857
R192	Axle-end equipment service accelerations and resonance	Vehicle/Track SIC	25-Apr-08	15-Oct-08	Reassess	Being held over until late 2009.	
R191	Dynamic loads in motorised wheelsets	Vehicle/Track SIC	25-Apr-08	07-Jan-09	Rejected	Rejected - No stakeholder support.	
R190	Research into laterally active pantographs	Future Electrification Group	25-Apr-08	11-Nov-08	More Information	Being held over until mid 2009.	
R189	Performance and installation criteria for sanding systems	Adhesion Working Group	20-Mar-08	20-Mar-08	Progress	Launched as T797	T797
R188	Understanding the current use of sanders on multiple units	Adhesion Working Group	20-Mar-08	20-Mar-08	Progress	Launched as T796	T796
R187	Signs for train drivers and their environment	CCS Standards Committee	24-Apr-08	17-Dec-08	Progress	Launched as T861	T861
R183	Stage 2 development of the Vehicle Track Interaction Strategic Model	Vehicle/Track SIC	09-Apr-08	09-Apr-08	Progress	Launched as T792	T792
R182	Background to the UK Route Availability (RA) system	Vehicle/Structures SIC	26-Mar-08	26-Mar-08	Rejected	Rejected during specification stage - Already being undertaken elsewhere.	T791
R181	The use of behavioural measures in simulation	Rail Industry Skills Forum	03-Apr-08	26-Nov-08	Progress	Being progressed as T858, specification being developed with stakeholders.	T858
R180	Public attitudes to safety on the railway - a survey.	Safety Policy Group	02-Apr-08	03-Jul-08	Rejected	Rejected - No stakeholder support.	
R179	Improving sustainability of the source and use of materials in rolling stock	Rail Sustainable Development Group	28-Mar-08	18-Jun-08	Progress	Launched as T805.	T805

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R178	An approach to provide quality assurance for a TOC on trainer competence	Rail Industry Skills Forum	28-Mar-08	25-Apr-08	Rejected	Rejected - No stakeholder support.	
R177	Understanding and modelling performance, and its effect on safety risk	Safety Policy Group	28-Mar-08	22-Jul-08	Rejected	Rejected - Already being undertaken elsewhere.	
R176	Define environments under which welded rails buckle with respect to track quality	Vehicle/Structures SIC	13-Mar-08	16-May-08	Rejected	Rejected - No stakeholder support.	
R174	Measurement of driver states of degraded performance in simulators	Rail Industry Skills Forum	12-Mar-08	25-Apr-08	Progress	Launched as T801.	T801
R173	Cross modal greenhouse gas performance of transport in GB	Rail Sustainable Development Group	12-Mar-08	22-Apr-09	Rejected	Rejected as there are now European initiatives on this.	
R171	Social and economic effects of providing a station for a community	Rail Sustainable Development Group	04-Mar-08	24-Jun-08	Rejected	Rejected. Incorporated into T768.	
R170	Wheelset and switches and crossing compatibility investigation	Vehicle/Track SIC	27-Feb-08	27-Feb-08	Progress	Launched as T783	T783
R169	Trial of heating blankets to stress switches and crossings for improved track stability	Vehicle/Structures SIC	13-Feb-08	13-Feb-08	Progress	Launched as T788	T788
R168	Maximising rolling stock reliability	Vehicle/Vehicle SIC	22-Jan-08	22-Jan-08	Progress	Launched as T782	T782
R167	Condition monitoring to detect rail buckles	Vehicle/Track SIC	12-Feb-08	21-Feb-08	Rejected	Rejected - withdrawn by proposer.	
R165	T691 Phase 2 - Effectiveness of train planning and timetable training	Rail Industry Skills Forum	20-Feb-08	25-Apr-08	Reassess	This proposal would be a follow up to T691 and will be put on hold until the results of that were assessed.	
R164	Review the good practice guide on training and amend as necessary	Rail Industry Skills Forum	20-Feb-08	08-Jul-08	Rejected	Rejected - Already being undertaken elsewhere.	
R163	Individual assessment of attitude and aptitude for rail industry roles.	Rail Industry Skills Forum	15-Feb-08	08-Jul-08	Rejected	Project withdrawn by stakeholders.	T811
R162	Identification of trackbed material contamination for correct disposal	Vehicle/Structures SIC	11-Feb-08	25-Feb-08	Rejected	Rejected - considered a single duty holder responsibility.	
R161	Sustainable energy review on the Bittern Line	Rail Sustainable Development Group	05-Feb-08	14-Feb-08	Rejected	Rejected. Incorporated into R765.	
R160	Energy storage systems for railway applications	Vehicle/Train Energy SIC	23-Jan-08	23-Jan-08	Progress	Launched as T779	T779
R159	Feasibility study into raising and lowering pantographs whilst trains are in motion.	Future Electrification Group	23-Jan-08	23-Jan-08	Progress	Launched as T778	T778
R158	Understanding the effect of 'gaps' in electrical continuity of the traction contact system.	Future Electrification Group	23-Jan-08	23-Jan-08	Progress	Launched as T777	T777
R157	Developing the use of hand-held mobile technology in rail	Safety Policy Group	28-Jan-08	03-Apr-08	Rejected	Rejected - No stakeholder support.	
R155	Assessment of EU rail driver licensing directive - cost-benefit analysis	Driver Licensing Group	09-Jan-08	09-Jan-08	Progress	Launched as T773.	T773
R154	Gauging opportunities to run existing passenger vehicles beyond their current routes	Vehicle/Structures SIC	08-May-07	08-May-07	Progress	Launched as T787	T787
R153	Investigation into Inner Suburban Gauge Capability	Vehicle/Structures SIC	10-Jan-08	16-Jan-08	Progress	Launched as T780	T780
R152	Trial of radio frequency identification for selective door opening systems	Selective Door Operation Working Group	19-Dec-07	19-Dec-07	Progress	Launched as T771	T771
R151	Further development of the Whole Life Rail Model damage parameter	Vehicle/Track SIC	02-Jan-08	24-Apr-08	Progress	Launched as T775	T775
R150	Determination of the vibration environment for axlebox-mounted equipment	Vehicle/Track SIC	02-Jan-08	24-Jun-08	Rejected	Rejected - Already being undertaken as R192	
R149	Alleviating passenger bottlenecks at terminal stations	Operations Focus Group	18-Dec-07	21-Jan-08	Progress	Proceeding as project T772. In progress.	T772
R147	Criteria for the application of Selective Door Operation	Selective Door Operation Working Group	31-Aug-07	31-Aug-07	Progress	Launched as T769	T769
R146	Development of a replacement for the Layout Risk Method (ref T272)	Safety Policy Group	28-Nov-07	22-Jul-08	Rejected	Rejected. Incorporated into R113.	

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R145	Social and economic issues - working towards a more sustainable railway	Rail Sustainable Development Group	27-Sep-07	21-Nov-07	Progress	Being progressed as T768, launch expected mid 2009	T768
R144	GB railway sustainability case studies	Rail Sustainable Development Group	02-Oct-07	21-Nov-07	Progress	Launched as T765.	T765
R143	Evaluation of the benefits of yellow lines on non-high-speed platforms	Operations Focus Group	20-Nov-07	20-Nov-07	Progress	Proceeding as project T764. In progress.	T764
R142	Research into understanding irregular working	Operations Focus Group	14-Nov-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R141	Eco-driving – qualifying the benefits	Operations Focus Group	14-Nov-07	29-Sep-08	Progress	Proceeding as project T839. Due to start Q2 2009.	T839
R140	Research into staffing of control offices	Operations Focus Group	14-Nov-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R139	Research into forward facing cameras	Operations Focus Group	14-Nov-07	09-May-08	Rejected	Taken forward as project T799; spec developed; then rejected by stakeholders.	T799
R138	Research into innovation in competence management on the railways	Rail Industry Skills Forum	14-Nov-07	09-Mar-09	Progress	Launched as T879.	T879
R137	Research into best practice in briefing staff on operational rules	Operations Focus Group	14-Nov-07	08-Jan-09	Rejected	Rejected by stakeholders.	
R136	A compendium of operational safety research	Operations Focus Group	14-Nov-07	29-Sep-08	Progress	Proceeding as project T838. Being produced in-house.	T838
R135	Research into operational procedures in changing passenger behaviour during incidents	Operations Focus Group	14-Nov-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R134	Ensuring train management systems provide accurate meaningful information to drivers	Operations Focus Group	14-Nov-07	29-Sep-08	Rejected	Incorporated into project T840.	
R133	The value of Risk Triggered Commentary as an aid to operational staff	Operations Focus Group	14-Nov-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R132	Research into improving route knowledge of engineering operators during possessions	Operations Focus Group	14-Nov-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R131	Research into reducing the risks during shunting	Operations Focus Group	14-Nov-07	29-Sep-08	More Information	Pending - awaiting information on whether research is still required.	
R130	Guidance for trainers to improve understanding in human behavioural issues	Rail Industry Skills Forum	14-Nov-07	29-Sep-08	Rejected	Rejected - Already being undertaken elsewhere.	
R129	Noise and vibration guidance for railways adjacent to urban development	Vehicle/Structures SIC	12-May-06	12-May-06	Progress	Launched as T763	T763
R128	Whether the reduced time to cancel AWS is a distraction	Operations Focus Group	06-Nov-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R127	The application of lateral fatigue (GM/RT2100 clause 7q).	Rolling Stock Standards Committee	06-Nov-07	06-Oct-08	Progress	Launched as T856	T856
R126	Understanding best practice in the implementation of changes to operational rules and instructions	Operations Focus Group	06-Nov-07	08-Jan-09	Rejected	Rejected - agreed with stakeholders that ongoing standards development work makes this research idea premature.	
R125	Understanding the behavioural impacts of train protection systems	Operations Focus Group	06-Nov-07	29-Sep-08	Progress	Now that additional information has been received, it is expected that OFG will reject this idea as such at its meeting on 5 May but an alternative approach may be pursued subsequently.	T837
R124	An XML architecture for rail industry research documentation.	Rail Industry Skills Forum	01-Nov-07	12-Nov-07	Rejected	Rejected - Already being undertaken elsewhere.	
R123	Update of the Network Modelling Framework Safety Model	Safety Policy Group	24-Aug-07	30-Oct-07	Progress	Launched as T760.	T760
R122	Capacity enhancement through better diagramming	Rail Industry Skills Forum	01-Nov-07	29-Sep-08	Rejected	Rejected - No stakeholder support.	
R121	Application of 'Costing Capability' to strategic management of rail infrastructure	Rail Sustainable Development Group	18-Oct-07	05-Feb-08	Rejected	Rejected - Already being undertaken elsewhere.	
R120	Research into service recovery from extensive signalling failures	Operations Focus Group	17-Oct-07	17-Oct-07	Progress	Proceeding as project T758. Now published.	T758
R119	The development of a parameterised risk model	Safety Policy Group	17-Oct-07	22-Jul-08	Rejected	Rejected - Will be undertaken elsewhere.	

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R116	Research into enabling more accurate identification of underlying causes of safety of the line incidents	Operations Focus Group	09-Oct-07	08-Jan-09	Rejected	Rejected by stakeholders.	
R115	Understanding health issues and their impact on the safety critical workforce	Safety Policy Group	09-Oct-07	08-Jan-09	Rejected	Incorporated into project T823.	
R114	Modelling and understanding interface risk	Safety Policy Group	02-Oct-07	04-Mar-08	Rejected	Rejected - Already being undertaken elsewhere.	
R112	Clarification of principles, development of practical guidance, and generation of supporting case studies for the 'Safety Decision Programme'	Safety Policy Group	02-Oct-07	08-Oct-07	Rejected	Rejected - No stakeholder support as the Safety Decisions Programme was already undertaking this.	
R111	Investigate whether and how the rail industry might benefit from the Trauma Audit and Research Network database.	Safety Policy Group	02-Oct-07	03-Jul-08	Rejected	Rejected - No stakeholder support as this could be supported via other means.	
R110	Optimising closed circuit television monitor displays	Operations Focus Group	24-Sep-07	29-Sep-08	Rejected	Rejected by stakeholder group as sponsor unable to provide detailed information and the area has already been researched in great detail.	T836
R109	Adoption of continental design principles	Vehicle/Vehicle SIC	21-Sep-07	12-Aug-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R108	Standards influences for innovation in vehicle design	Vehicle/Vehicle SIC	21-Sep-07	12-Aug-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R107	Train performance influences on network capacity	Vehicle/Vehicle SIC	21-Sep-07	12-Aug-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R106	Assessment of TS 45545 fire testing regime for GB conditions	Rolling Stock R&D Stakeholder Group	21-Sep-07	22-Jul-08	Progress	Launched as T843	T843
R105	Research into the effects of human factors in axle inspection	Wheelset Management Group	21-Dec-06	21-Dec-06	Progress	Launched as T774, delivered using in-house resource	T774
R104	Undertake axle strain data collection and analysis from a wider range of rolling stock types and liaison with European projects	Vehicle/Track SIC	21-Sep-07	13-Aug-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R103	Demonstrating long-term viability of hydrogen and other fuels	Vehicle/Train Energy SIC	20-Sep-07	21-Apr-08	Rejected	Rejected - Already being undertaken as T722.	
R102	Development of a carbon emissions footprint for rail	Vehicle/Train Energy SIC	20-Sep-07	11-Nov-08	Reassess	Being held over until late 2009.	
R101	Research into alternative materials for Overhead Line Electrification (OLE)	Future Electrification Group	20-Sep-07	11-Nov-08	More Information	Being held over until mid 2009.	
R100	Development of a model to predict demand	Vehicle/Train Energy SIC	20-Sep-07	22-May-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R99	Research into sustainable development initiatives	Vehicle/Train Energy SIC	20-Sep-07	22-May-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R98	Impact of the weather extremes owing to climate change on electrification equipment	Future Electrification Group	20-Sep-07	11-Nov-08	Reassess	Being held over until late 2009.	
R97	Electric traction network modelling	Future Electrification Group	20-Sep-07	11-Nov-08	Reassess	Being held over until late 2009.	
R96	Collector shoe compatibility with low loss conductor rail	Vehicle/Train Energy SIC	20-Sep-07	07-Aug-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.- No stakeholder support.	
R95	Collector shoe design and operation	Vehicle/Train Energy SIC	20-Sep-07	21-Apr-08	Rejected	Rejected - Stakeholders agreed best taken forward by Network Rail	
R94	Specific detailed investigation into electro-magnetic fields	Vehicle/Train Energy SIC	20-Sep-07	21-Apr-08	Rejected	Rejected - Taken forward as extension to T515 rather than as a new project.	
R93	Passenger behaviour in vicinity of live electrical equipment	Vehicle/Train Energy SIC	20-Sep-07	14-May-08	Rejected	Rejected – A Topic Research Plan priority rather than a specific research idea.	
R92	Managing Britain's railway network – a perspective on contractual supremacy	Safety Policy Group	29-Jun-07	02-Aug-07	Rejected	Rejected - No stakeholder support.	

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R91	Further work on miniature warning lights at user worked crossings	Road Rail Interface Safety Group	03-Jul-07	18-Aug-08	Progress	Proceeding as project T821. Due to start Q3 2009.	T821
R90	Evaluation of rail break detector technology	Vehicle/Train Control & Communications SIC	10-Sep-07	17-Dec-08	Progress	Launched as T864	T864
R89	Toolkit for assessing the causes of physical disorders in the workplace	Safety Policy Group	06-Sep-07	07-Feb-08	Rejected	Rejected - withdrawn by idea proposer.	
R88	Strategic review of the industry's approach to safety data management.	Community Safety Steering Group	05-Apr-07	10-Sep-07	Rejected	Rejected - not research - already in progress in RSSB's work programme.	
R87	Improving the methods used to provide access to and from trains for wheelchair users	Operations Focus Group	18-Jul-07	22-Oct-07	Progress	Proceeding as project T759. Due to start Q2 2009.	T759
R86	Human factors catalogue version 6	Operations Focus Group	29-Nov-06	09-May-08	Progress	Proceeding as project T800. In progress.	T800
R85	PROTECT Rail, security on European railways	Community Safety Steering Group	01-Apr-07	10-Sep-07	Rejected	Rejected - FP7 proposal for European research not of relevance to railways in GB as security is a reserved matter for government and the police.	
R84	Position in cab during a collision	Operations Focus Group	21-Jun-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R83	Phantom and swamping characteristics of railway signals and indicators	Operations Focus Group	07-Sep-07	10-Sep-07	Rejected	Rejected by stakeholders.	
R82	Design for safety	Community Safety Steering Group	27-Jun-07	10-Sep-07	Rejected	Rejected - international research idea, proposed by the Dutch, but not supported by GB stakeholders.	
R81	How on-line assessments could be used to conduct a training needs analysis	Rail Industry Skills Forum	10-May-07	29-Sep-08	Rejected	Rejected. Incorporated into R270.	
R80	Trialling the national roll out of the level crossing cost model (AXIAT) using road rail partnerships	National Level Crossing Safety Group	21-May-07	10-Sep-07	Rejected	Incorporated into project T738 - duplicate idea.	
R79	Monitoring active road studs at AOCLs	National Level Crossing Safety Group	10-Jul-07	10-Sep-07	Rejected	Incorporated into project T756.	
R78	Establish the 'hierarchy of need' for passenger security and safety	Community Safety Steering Group	12-Dec-06	24-Jul-08	Rejected	Rejected - not supported by stakeholders.	
R77	What the passenger will be prepared to pay for enhanced personal security and safety	Community Safety Steering Group	06-Dec-06	09-Oct-07	Rejected	Rejected - no stakeholder support.	
R76	Improving station safety plans	Community Safety Steering Group	18-Dec-06	10-Sep-07	Rejected	Rejected - not research - day job activity for RSSB.	
R75	Signallers and drivers - beating monotony, round up of best practice and a guidance note	Operations Focus Group	23-Nov-06	02-Oct-08	Rejected	Rejected by stakeholders.	
R74	Establish and promulgate best practice of roster clerks	Operations Focus Group	07-Sep-07	29-Sep-08	Rejected	Rejected by stakeholders.	
R73	Assessing the role of train planning in the safety of the railways	Operations Focus Group	01-Nov-06	10-Sep-07	Rejected	Rejected - issue already covered by project T691.	
R72	Storage of acetylene cylinders	Operations Focus Group	29-Dec-06	10-Sep-07	Rejected	Rejected by stakeholders.	
R71	Impact of fog on train operations	Operations Focus Group	07-Sep-07	07-Sep-07	Rejected	Rejected by stakeholders.	
R70	Application of Risk Metrics to enable Modelling and Simulation Acceptance	Rail Industry Skills Forum	30-Aug-07	15-Oct-07	Rejected	Rejected - Already being undertaken elsewhere	
R69	Good practice guide for verification of training assessment	Rail Industry Skills Forum	30-Aug-07	31-Jan-08	Rejected	Rejected - Already being undertaken elsewhere	
R68	Investigate the current competency of training managers and trainers	Rail Industry Skills Forum	30-Aug-07	21-Feb-08	Rejected	Rejected - Already being undertaken elsewhere.	
R67	Research work to support recommendations from the Leitch Report.	Rail Industry Skills Forum	30-Aug-07	15-Oct-07	Rejected	Rejected - Already being undertaken elsewhere	
R66	Develop a commentary on training and competence to identify where the industry wants to be in the next 5-30 years	Rail Industry Skills Forum	30-Aug-07	15-Oct-07	Rejected	Rejected - Undertaken elsewhere.	
R65	Research on training in efficient driving techniques	Rail Industry Skills Forum	30-Aug-07	26-Mar-09	Rejected	Currently being addressed by T724 and T839.	

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R64	Investigate the extent to which the learners' needs have been reflected in course design and method of training delivery	Rail Industry Skills Forum	30-Aug-07	05-Feb-08	Rejected	Rejected - Undertaken elsewhere.	
R63	Further development of the competence model to include consideration of its use as a predictive modelling tool	Rail Industry Skills Forum	30-Aug-07	15-Oct-07	Rejected	Rejected. Incorporated into R29.	
R62	Training as an investment	Rail Industry Skills Forum	30-Aug-07	29-Oct-07	Progress	Being progressed as T762, launch expected mid 2009.	T762
R61	Examine the training methodology and competence management of Driver Instructors	Rail Industry Skills Forum	30-Aug-07	29-Oct-07	Rejected	Rejected - Already being undertaken elsewhere.	
R60	Effective driver management	Rail Industry Skills Forum	30-Aug-07	29-Oct-07	Rejected	Rejected - Already being undertaken elsewhere.	
R59	Driver Licensing - Phase 2	Rail Industry Skills Forum	30-Aug-07	29-Oct-07	Rejected	Rejected. Incorporated into R155.	
R58	Re-run of 'T126 - Current practices in safety management'	Safety Policy Group	30-Aug-07	03-Jul-08	Reassess	Being held over until late 2009, 12 months after 'Taking Safety Decisions' was published.	
R57	The application of continual improvement/CPD to safety decisions and practitioners	Safety Policy Group	30-Aug-07	04-Mar-08	Rejected	Rejected. Incorporated into R58.	
R56	Development of an industry Defect Recording And Corrective Actions System (DRACAS) for Control, Command and Signalling equipment	Vehicle Communications Advisory Group	29-Aug-07	04-Jun-08	Progress	Launched as T754	T754
R54	Development of vehicle mounted low adhesion measuring equipment	Adhesion Working Group	23-Aug-07	01-Oct-08	Reassess	Being held over until mid 2009.	
R53	Fitment of magnetic track brakes to multiple units cost benefit analysis	Adhesion Working Group	23-Aug-07	01-Oct-08	Rejected	Rejected - No stakeholder support.	
R52	Validation of Wheel Slide Protection (WSP) simulation performance and methodology under low adhesion conditions	Adhesion Working Group	23-Aug-07	01-Oct-08	Rejected	Rejected - No stakeholder support.	
R51	Performance and installation criteria for sanding systems – general service and emergency operation	Adhesion Working Group	23-Aug-07	02-Jun-08	Rejected	Rejected - Already being undertaken as R189 and launched as T797	
R50	Understanding the current use of sanders on multiple units	Adhesion Working Group	23-Aug-07	06-May-08	Rejected	Rejected - Already being undertaken as R188 and launched as T796	
R49	Determining low adhesion braking performance	Adhesion Working Group	23-Aug-07	01-Oct-08	Rejected	Rejected - No stakeholder support.	
R48	Understanding severe low adhesion conditions	Adhesion Working Group	23-Aug-07	01-Oct-08	Rejected	Rejected - No stakeholder support.	
R47	Support for the development of periodic industry sustainable development review, as required	Rail Sustainable Development Group	22-Aug-07	22-Jul-08	Rejected	Rejected - Already being undertaken elsewhere.	
R46	Review of research to date on additional sustainable development topics not already covered	Rail Sustainable Development Group	22-Aug-07	22-Jul-08	Rejected	Rejected - Being undertaken elsewhere.	
R45	Support the development and delivery of a communication strategy for the sustainable development programme	Rail Sustainable Development Group	22-Aug-07	14-Feb-08	Progress	Being progressed as T785, launch expected 2009	T785
R44	Embedding sustainable development	Rail Sustainable Development Group	22-Aug-07	21-Nov-07	Progress	Being progressed as T767, launch expected mid 2009	T767
R43	Research to support the Carbon Reduction Working Group	Rail Sustainable Development Group	22-Aug-07	07-Jan-09	Rejected	No support from stakeholders because of existing work and initiatives. For example T725.	
R42	Research to produce evidence in support of the industry within the GB and Europe.	Rail Sustainable Development Group	22-Aug-07	21-Nov-07	Progress	Being progressed as T784, specification being developed with stakeholders.	T784
R41	Support the identification of existing incentives / disincentives of the policy and regulatory framework to identify appropriate modifications to support improvement of rail industry SD performance within GB and Europe.	Rail Sustainable Development Group	22-Aug-07	19-Aug-08	Rejected	Rejected - Already being undertaken elsewhere.	
R40	Working with ATOC to develop Station Travel Plans	Rail Sustainable Development Group	22-Aug-07	12-May-08	Progress	Linkage to R236. Launched as T803.	T803
R39	Development of business cases for sustainable development initiatives in priority areas	Rail Sustainable Development Group	22-Aug-07	19-Aug-08	Rejected	Rejected - Already being undertaken elsewhere.	

Idea Ref	Idea Title	Industry client	Idea Form Date	Date reviewed by industry client	Decision	Comments	Project reference
R38	Identification and review of existing rail industry decision-making frameworks to understand inclusion of sustainable development issues.	Rail Sustainable Development Group	22-Aug-07	24-Jun-08	Rejected	Rejected. Incorporated into R205.	
R37	Support the drafting and consultation of the rail sustainable vision, principles and strategic action plans.	Rail Sustainable Development Group	22-Aug-07	21-Dec-07	Rejected	Rejected - Already being undertaken elsewhere.	T786
R36	Work to strengthen data set and develop new KPIs to address gaps in sustainable development metric data.	Rail Sustainable Development Group	22-Aug-07	21-Nov-07	Progress	Being progressed as T766, launch expected mid 2009	T766
R35	Best practice review of current industry action on accessibility and community engagement	Rail Sustainable Development Group	22-Aug-07	04-Mar-08	Rejected	Rejected - No stakeholder support.	
R34	The generation of rail industry training statistics to identify future training requirements	Rail Industry Skills Forum	22-Aug-07	29-Oct-07	Rejected	Rejected - No stakeholder support.	T761
R33	A review of depot staff/training/competency/recruitment	Rail Industry Skills Forum	22-Aug-07	29-Oct-07	Rejected	Rejected - Already being undertaken elsewhere.	
R32	Training of safety critical TOC staff – good practice	Rail Industry Skills Forum	22-Aug-07	31-Jan-08	Rejected	Rejected - No stakeholder support.	
R31	Human performance management for rail staff	Rail Industry Skills Forum	22-Aug-07	21-Feb-08	Rejected	Rejected - No stakeholder support.	
R29	Competence management of safety critical TOC staff – good practice	Rail Industry Skills Forum	22-Aug-07	21-Feb-08	Rejected	Rejected - No stakeholder support.	
R28	The psychology of decision-making	Safety Policy Group	22-Aug-07	08-Oct-07	Rejected	Rejected - No stakeholder support.	
R27	Should rail trainers be the best?	Rail Industry Skills Forum	17-Aug-07	15-Oct-07	Rejected	Rejected - Already being undertaken elsewhere.	
R26	CPD processes using experience as a trainer for management development	Rail Industry Skills Forum	13-Dec-06	30-Aug-07	Rejected	Rejected - No stakeholder support.	
R25	Training organisation cooperation under ROGS	Rail Industry Skills Forum	13-Dec-06	29-Oct-07	Rejected	Rejected - Already being undertaken elsewhere.	
R24	Should rail trainers be the best? An industry review	Rail Industry Skills Forum	02-May-07	30-Aug-07	Rejected	Rejected. Incorporated into R27.	
R22	The feasibility of establishing a High Reliability Organisation culture in GB rail.	Safety Policy Group	13-Apr-07	03-Jul-08	More Information	Being explored with topic stakeholders.	
R21	Project 03/041: GM/TT0088 / GM/RT2141 Control of Quasi Static Guiding Forces	Rolling Stock Standards Committee	08-Jun-07	08-Jun-07	Rejected	Rejected - No stakeholder support.	T753
R20	Realtime data from forward facing FCCTV for Incident and driver management	Vehicle/Train Control & Communications SIC	15-Aug-07	24-Apr-08	Rejected	Rejected - Already being undertaken in R139	
R19	Continuous Professional Development processes using experience as a trainer for management development.	Rail Industry Skills Forum	14-Aug-07	29-Oct-07	Rejected	Rejected - Already being undertaken elsewhere.
